All barrows must have been owned for at least 90 days and may be purebred or crossbred. Barrows must have been farrowed on or after **January 1** of the current year. No minimum or maximum weight is required for 4-H or FFA shows; however, barrows must meet the 230-300 pound guideline to show in the open on-foot barrow show. Purebred barrows must have registration papers.
- All barrows, including crossbred, will be required to have recognizable ear notches and farrowing dates. Fresh ear notches will not be accepted.

DNA Validation Card - Ownership of Animals:

All individual market barrows entered for competition must have been owned solely by the exhibitor by May 1, 2017. A DNA sample card must have been mailed to the Missouri State Fair, postmarked by May 15, 2017, **and also must be received within 10 days following** for each market barrow entered. Animal identification (ear notch) must be included on the DNA sample card. DNA validation cards submitted to the Missouri State Fair on all junior market barrows become the property of the Missouri State Fair. Exhibitors relinquish any claim to said cards when submitted as proof of ownership. Validation cards are stored in a secure environment at the Missouri State Fair and are destroyed in due time following the show. These samples will never be made available for cloning or any like procedure. In all market barrows at the Missouri State Fair, any DNA samples that have been harvested (collected) prior to the Sale of Champions Auction (with the exception of the DNA validation cards submitted to the Missouri State Fair as proof of ownership as stated above) will be considered to be the property of the exhibitor to use at their discretion. Exhibitors will not be allowed to harvest any samples after the transfer of ownership via the "fall of the hammer" at the Sale of Champions Auction unless agreed upon in writing between the buyer and the seller.
