FFA BUILDING EXHIBITS

The FFA is the national organization of agricultural education students in public secondary schools. In 2012, Missouri FFA reached an all-time record membership since the organization's founding over 80 years ago. Missouri FFA membership has shown a steady increase for the past thirty years with enrollment of 13,325 students in 1985, and over 26,500 in 2011. Research results show that the four-year sequential program in agricultural education provides good preparation for the agriculture production, agricultural business and service, agricultural technology, natural resources, horticulture and other agricultural professions.

SUPERINTENDENT

 Natural Resources Education
 Department of Elementary and Secondary Education
 Jefferson City, MO 65102**

**4-H and FFA LIVESTOCK GENERAL
 LIVESTOCK RULES FOR 2017 MISSOURI STATE FAIR
 SEE INFORMATION IN DEPARTMENT J**

The Missouri State Fair does not guarantee premium money, merchandise, prizes or special awards. Because the State Fair Commission is without constitutional or statutory authority to borrow money for its operation, it reserves the right to prorate premium money because of state budget restraints.

**FFA EDUCATIONAL DISPLAYS AND
 AGRICULTURAL MECHANICS EXHIBITS**

This section provides an opportunity for the public to develop an appreciation of this important phase of agricultural education and FFA programs. Also, it provides a means of giving recognition for accomplishments in this area and furnishes opportunities for exchanging ideas.

Every precaution will be taken to protect the exhibits; however, neither the Missouri State Fair nor the officials of this department will be responsible for any losses or damage to exhibits.

**JUDGING AND AWARDS
 FFA AGRICULTURAL MECHANICS,
 FIELD CROPS, HORTICULTURE,
 EXHIBIT BOOTHS AND DISPLAYS**

- Judging** - The judges will place all classes according to merit in ribbon groups. Unworthy exhibits will not be placed.
- Awards** - Ribbons will be awarded as determined by the group placing. Premiums will be paid on a point basis on the group ribbons awarded. The values of a point for these exhibits will be determined by dividing the total points of ribbons awarded for these exhibits into the total money allotted to this section. The point value for the educational and demonstration booths may vary from year to year depending on participation.

FFA EDUCATIONAL BOOTH RESERVATIONS

- Educational booth space will be reserved by sending an email to Steven Rogers at Steven.Rogers@dese.mo.gov beginning at 8:00 a.m. on Feb. 14, 2017. Chapters should clearly specify whether they are requesting an Educational Booth or Horticulture Booth.
- Entries will be accepted on a first-come, first-served basis except for chapters who requested but who didn't get a booth last year because of space limitations. Chapters who requested but didn't get a booth space in 2017 must still request a booth by the deadline to receive preferential treatment.
- Booths will be limited to 12 entries.
- Schools will receive the list of chapters with educational booths after March 1.

FFA EDUCATIONAL BOOTH REGULATIONS

- A space containing a sloping table will be provided for each exhibit booth. Each chapter's space is 5' 4" wide across the front and 6' deep with a solid plywood top. The rear of the table has a 4' high by 5' 4" wide plywood back wall for displaying school banners or exhibit material. Electrical outlets are provided.
- All exhibits must be in place by 6:00 p.m. on Tuesday, August 8th.
- Educational Booths must be in place by 6:00 p.m. Tuesday, August 8th.
- The booths will be placed into Gold, Silver and Bronze ribbon groups, and a Grand Champion booth will be picked. The score card for the FFA Educational Booths will remain the same as in past years.

Score Card for FFA Educational Agricultural Booths

Purpose: To promote the benefits of enrolling in agricultural education and joining FFA. Booths will be the type that could be used in a variety of set-

tings, such as FFA Week booths, shopping center displays, local fairs, etc. **PROMOTES BENEFITS OF AGRICULTURAL EDUCATION AND FFA (50 PTS.)**

Promotes one of the three components:

(Classroom, SAEP, Leadership)	30 pts.
Central theme: (promotes one idea, caption, title).....	20 pts.
APPEARANCE (50 PTS.)	
Attention	10 pts.
Interest	10 pts.
Durability.....	10 pts.
Neatness	10 pts.
Organization	10 pts.
TOTAL POINTS	100 pts.

FFA HORTICULTURE BOOTH RESERVATIONS

- Horticulture booth space will be reserved by sending an email to Steven Rogers at Steven.Rogers@dese.mo.gov beginning at 8:00 a.m. on Feb. 15, 2017. Chapters should clearly specify whether they are requesting an Educational Booth or Horticulture Booth.
- Entries will be accepted on a first-come, first-served basis with a limit of six horticulture booths accepted.
- Schools will receive the list of chapters with booths after March 1.
- No plants or materials in the booth will be judged as separate exhibits.

FFA HORTICULTURE BOOTH REGULATIONS

- A floor space approximately 8' by 6' will be provided each chapter on which to build their horticulture display. Booths will be placed at various locations in the FFA Building to be determined by FFA officials as chapters arrive based on the building's layout for that year. Because of increased interest from chapters to bring Horticulture Booths, it will be necessary to enforce the 8' by 6' dimensions. Electrical outlets are provided.
- All exhibits must be in place by 6:00 p.m. on Tuesday, August 8th.
- The booths will be placed into Gold, Silver and Bronze ribbon groups and a Grand Champion booth will be picked.

CHAPTER SCRAPBOOKS

Chapters exhibiting the first place scrapbook at each of the sixteen 2017 FFA Area Contests are invited to display their winning scrapbooks in the FFA Building. The scrapbooks will be on display two to four scrapbooks at a time. They will be rotated daily with the extra books being stored in the office.

The scrapbooks should be brought to the FFA Building on August 8, 9 or 10. The books should be picked up on Sunday, August 20, after 6:00 p.m. or on Monday, August 21 before 10:00 a.m.

FFA AGRI-SCIENCE FAIR

The Agri-Science Fair is established to recognize FFA members who are studying the application of scientific principles and emerging technologies in an agricultural enterprise. As the Agri-Science Fair evolves in the future, rules and guidelines may change, but the National Agri-Science Student Program application, a student interview and a table display will be used as the criteria for selecting the 2017 winners. Eligibility requirements differ from the National FFA application in that participation is open to any current FFA member who is a current high school student or 2017 graduate.

- Pre-entries must be in the **hands** of Steven Rogers, Agricultural Education, 205 Jefferson Street, Jefferson City, MO 65102, by **August 1, 2017**. Pre-entry will consist of emailing a list of contestants and their respective categories.
- Agri-Science Fair entries must be in place by 10:00 a.m. on Thursday, August 10th.
- A table space of approximately 4 ft. wide and 2 ft. deep will be provided each applicant. The display should include the National FFA Agri-Science Student Application (which will be returned back to the student) along with pictures, diagrams, charts, and other items which will help demonstrate the student's Agri-Science project. A self-standing backboard is suggested but may be only four feet high.
- Students must be present for an interview which will consist of 25% of the judging. The interview will be to determine the student's knowledge of the Agri-Science project and what was learned.
- Scoring rubric will be provided to contestants after pre-entries are received.
- Each exhibit may consist of one or more panels of information and any objects the student wishes to display. The exhibit panels must be constructed so as to be stable and free standing. BOTH SIDES of the display must be covered with an attractive backing.
- All projects must have the following information attached to the upper right hand corner of the exhibit: a) Name of person(s) responsible for developing project. b) Grade in school (for the previously completed school year). c) Chapter name.
- Agri-Science project topics should be selected from one of the following five categories.

CATEGORIES EXAMPLES

- | | |
|--------------------------|--|
| A. Food Science | - Control of molds on bakery products
- Compare yeast fermentation techniques for converting sugars to alcohol
- Resistance of organic fruits to common diseases |
| B. Environmental Science | - Effect of agricultural chemicals on water quality
- Compare water movements through different soil types
- Effects of cropping practices on wildlife populations |

- C. Animal Science
 - Compare irrigation systems for energy efficiency
 - Compare effects of thawing temperatures on livestock
 - Compare nutrient levels on animal growth semen
 - Effects of growth hormone on meat/milk production
 - Research new disease control mechanisms
 - Effects of estrus synchronization on ovulation
 - D. Plant/Soil Science
 - Effects of lunar climate and soil conditions on plant growth
 - Effects of substrate particle size on shiitake mushroom growth
 - Effects of heavy metals such as cadmium on edible plants
 - Compare plant growth between hydroponics and conventional methods
 - Effect of ultraviolet light on soil microbes
 - E. Mechanical/Engineering Science
 - Develop alternate energy source engines
 - Investigate light energy sources
 - Absorption media for plant materials energy efficiency
9. The projects will be placed into Gold, Silver, and Bronze ribbon groups and a Grand Champion and Reserve Champion will be selected.

FFA AGRICULTURAL MECHANICS PROJECTS
Sponsored by Diehm's Tire Service

1. Articles exhibited must have been constructed by FFA members either as part of their agricultural mechanics instruction in agricultural education or as part of their supervised occupational experience programs.
2. Entries will be judged separately and independently by three judges on the basis of workmanship, finish, design, strength, usefulness and suitability. Each judge will score each entry on a 4 point scale. The Agricultural Mechanics Chairman will tabulate the final ribbon placing using the following judging scale:
 - 4.0 - 3.5Purple
 - 3.4 - 2.5Gold
 - 2.4 - 1.5Silver
 - 1.4 - 1.0Bronze
 - 0.9-0Disqualified
3. A champion and reserve champion rosette will be awarded to the best entry in each of the following point ranges (based on the allowable points for a Purple) or category in the FFA Agricultural Mechanics show. The selection of these champions will first be based on the total points received by three judges. A tie in points will be broken by the three judges. Champions do not need to have received a purple placing, if no project in the point range has received a purple: 1 to 29 points, 30 to 59 points, 60 to 99 points, 100 to 149 points, 150 to 179 points, 180 to 199 points, and over 200 points.
4. The Restored, Refinished or Rebuilt Tractor or Lawn/Farm Equipment must be in place by 9:00 a.m. on Wednesday, August 9, 2017. Students may elect to be present for an interview, which will start at 9:00 a.m. on Wednesday, August 9. The interview will be to determine the student's knowledge of the project and what was learned. Students are asked to bring a portfolio to show the process, work and cost of the project. This interview will play a small role in the judges' final score. There should also be a laminated story board with at least 6 pictures showing the progress of the project, which will stay with the project throughout the fair.
5. Each project will receive an identification number upon arrival. Names of individuals and schools will be placed on the project after judging is complete. School or individual names painted on the project must be covered by the exhibitor. Covers will be removed by the Agricultural Mechanics Committee after the projects are judged.
6. No agriculture education instructors or students with agricultural mechanics entries at the State Fair will be allowed to confer with the judges during judging.
7. An article can be shown only once at the State Fair, but does not have to be constructed during the year it is exhibited.
8. All articles must be painted or properly treated in the case of feeders, etc. All articles must be clean and in presentable condition even though they may have been used. No spray painting will be allowed on the fairgrounds.
9. Each exhibitor is limited to a total of two entries of the same kind of project.
10. The points assigned to projects are based upon the amount and difficulty of the work involved, difficulty and cost of moving, and the cost of materials. The points given below are for average projects of the kind listed. The superintendent may adjust the points up or down within range of 50 percent when a project is unusual in size or difficulty, and it appears necessary in order to keep the points in balance.
11. Projects built to be used as one unit should be entered as one entry and not entered separately. (Example: Trailer ramps should not be entered separately from the trailer if the trailer is being exhibited.) The FFA superintendent and the Agricultural Mechanics superintendent will make the final ruling if a question arises.
12. All agricultural mechanics exhibits MUST BE on grounds by 6 p.m., Tuesday, August 8. Projects may start arriving as early as 3 p.m. on Monday, August 7. The only exception to this will be the Restored,

- Refinished, or Rebuilt Tractors or Lawn/Farm Equipment, which must be in place by 9:00 a.m. on Wednesday, August 9.
13. Exhibits will not be released at 6:00 p.m., Sunday, August 20. Premiums will not be paid for exhibits leaving the Fairgrounds before the release time. Exhibits remaining on the grounds after 10:00 a.m. on Monday, August 21, will be unattended.
 14. A skid steer will be available to unload only. No skid steer will be available on Sunday, August 20 to load projects.

SPECIALS

1. **MFA Incorporated** will award an attractive FFA plaque to the chapter having the most outstanding Agricultural Mechanics exhibit.

FFA FIELD CROPS, HORTICULTURE, FRUIT & VEGETABLES REGULATIONS

1. Field Crop-Horticulture exhibits must be in place by 6:00 p.m. on Tuesday, August 8th.
2. All entries must have been grown by the exhibitor as a part of his or her supervised occupational experience program. All samples must have been produced during the year specified for the class. The exhibitor shall be keeping records of such entries in the approved Missouri Farm Business Record Book, reporting such enterprises on the departmental VA-3 (Report of the Students SAE Program) and have on file validating forms with the school's departmental records.
3. Only exhibits of high quality and purity will be judged as eligible for premiums.
4. Grain and seed samples will be displayed in containers furnished by the FFA department at the Fair. There must be exactly two quarts in each sample. Samples of incorrect size will be disqualified.
5. Each sample must contain a label showing exhibitor's name, chapter, kind of crop, variety, and class number entered in. These will be provided when entering the exhibits at the Fair. Schools with a large number of field crop entries may request cards be sent to them before Fair time by contacting Steven Rogers at the state MVATA Conference in July. Guidelines for sample size of forage entries will be provided to all FFA Advisors at MVATA summer conference.
6. Clipped oats and barley will be excluded from the competition.
7. Each ear of corn must be in its natural condition and not more than one percent of its grain missing.
8. Each exhibitor is limited to one entry in each class of all the Field Crops classes. Exhibitors are limited to a total of ten entries in each of the

Horticulture and Fruits and Vegetables divisions. Exhibitors are limited to three entries per class in the Fruits and Vegetables classes. The entries must be of a different variety. For example, separate plates of Concord, Niagara, Seyval, and Vidal grapes may be entered by one exhibitor in the Plate of Grapes class.

9. The Floriculture and Fruit/Vegetable Superintendents have the right to disqualify entries which show extreme signs of wilting when the exhibits are judged Thursday morning. Wilting entries will be discarded.
10. Point values are: Gold-12 points; Silver-8 points; and Bronze-4 points: except for corsages, bud vases and boutonnieres: Gold-3 points; Silver-2 points; Bronze-1 points.
11. Premiums paid per point will not be determined until the number of entries is known after the Fair begins.
12. All Field Crop, Floriculture and Fruit/Vegetable exhibits are released at 6:00 p.m. on Sunday, August 20. Exhibits not removed from the fairgrounds by 10:00 a.m. on Monday, August 21 will be discarded. Horticulture exhibits that deteriorate out of condition before the end of the Fair will be discarded.

FRUITS AND VEGETABLES

All exhibitors may enter up to three entries per class in the Fruits and Vegetables, if the duplicate entries are specifically different in variety than the student's other entries in that class; for example, red tomatoes, yellow tomatoes or pink tomatoes. Cherry tomatoes have a class of their own. Regular pumpkins and mini pumpkins are divided. Bell peppers and hot peppers are divided as well. NOTE: all peppers that are not Bell are considered "hot" peppers and show in the same class. Each exhibitor is limited to **TEN** total entries in the Fruit and Vegetable division. Only fruits/vegetables that do not have a class may be entered in the Misc. classes. Variety name must be entered on the entry card.

Canned Food Guidelines:

- Jars used for canning must be standard colorless glass jars, sealed with two-piece lacquer lids. Jars with zinc lids will not be accepted. Jellies must be in standard jelly jars. No jelly sealed with paraffin wax will be accepted.
- Each entry must have a plain white label stating: product - specify name of canned food; date - month and year processed (all products must be less than 1 year since process date); method - specify either boiling water bath or pressure canned with pounds of pressure noted; and time processed - note the time in minutes. Please do not include your name on canning labels.
- All canned products and jellies must have tags attached with string.
- Food Preservation will not be opened.
- Recipes need not accompany classes.
- Canned goods will be displayed in regulation jars with rings left on.
- Any sign of spoilage, unsealed jars or alteration from recommended procedures will be basis for disqualification.

FFA Floriculture and Fruits & Vegetables Specials

MFA Incorporated will award an attractive FFA plaque to the chapters having the most points in the FFA Horticulture and FFA Fruit and Vegetables division.

FFA HAM & BACON SHOW

- Hams and Bacons should be entered in the Agriculture Building on the fairgrounds according to all Open Youth Ham & Bacon Show rules found in the Hams, Bacon, and Summer Sausage section of the 2016 Missouri State Fair premium guide.
- When entering the Open Youth Ham or Bacon Show, exhibitors must designate the ham(s) or bacon(s) as an FFA Ham or Bacon Show entry(s). After judging, a list of FFA hams and bacons with ribbon(s) earned will be forwarded to the FFA office.
- Hams and bacons will be judged on a point system to determine rank. The official judge(s) will break the rankings into gold, silver, bronze or disqualified.
- Ribbon point values are Gold - 12 pts., Silver - 8 pts., Bronze - 4 pts., and disqualified - 0 pts.
- All FFA Ham and Bacon Show participants are encouraged to attend the Missouri Country-Cured Ham and Agri-Missouri products breakfast at the State Fair.

For **MISSOURI STATE FAIR SCHOLARSHIP** information, please refer to the Sale of Champions section of this catalog.
