

**ANIMAL HEALTH REQUIREMENTS FOR EXHIBITION**

The following is a SUMMARY, and not a reprint of 2 CSR 30-2.040 Animal Health Requirements for exhibition regulations. Contact the Missouri State Veterinarian's office at (573) 751-3377 for clarification if needed:

**GENERAL REQUIREMENTS**

1. All animals must have a Certificate of Veterinary Inspection unless specifically exempted. The Certificate of Veterinary Inspection shall state that the animals are free of visible signs of contagious, infectious, or communicable disease, and describe the animal(s) by species, breed, official identification, sex and age. The Certificate of Veterinary Inspection shall reflect all data for required test and vaccinations, all dates, results, and the name of the laboratory.
2. The Certificate of Veterinary Inspection is valid for thirty (30) days.
3. Animals with active lesions of ringworm with resulting loss of hair or warts easily visible without close examination will not be permitted to exhibit and shall be subject to isolation or expulsion depending upon the nature and seriousness of the disease.
4. Sales scheduled in association with exhibitions must employ an accredited veterinarian to examine animals and process a Certificate of Veterinary Inspection for change of ownership.
5. The following are valid forms of official ID: 840 RFID/EID tags, 8 or 9 character NUES tags, Scrapie tags, Brucellosis tags, or a tattoo if purebred and with proof of registration accompanying the animal.
6. Alteration or substitution of any information on any VS Form 10-11 or any officially recognized federal/state EIA test chart or Certificate of Veterinary Inspection shall cause the document to be invalid and in violation of sections 267.010 to 267.730, RSMo, and may result in civil penalties not to exceed ten thousand dollars (\$10,000) per violation and be subject to expulsion.
7. Any equine or other hoof stock originating from a county in which there is a premises under quarantine for Vesicular Stomatitis must obtain an entry permit and must include the statement on the Certificate of Veterinary Inspection that, "The animals listed are free of clinical signs of Vesicular Stomatitis and have not been exposed to Vesicular Stomatitis or located on a premises quarantined for Vesicular Stomatitis within the past fourteen (14) days." The certificate of veterinary inspection must be written seven (7) days prior to entry.

**Exhibition requirements for cattle, bison, and exotic bovids**

1. Intrastate (cattle in Missouri moving within Missouri for exhibition only).
  - a. No Certificate of Veterinary Inspection required.
  - b. All cattle must be free of clinical signs of infectious or contagious disease.
  - c. Brucellosis – no test or vaccination is required.
  - d. Tuberculosis – no test is required.
2. Interstate (cattle from another state entering Missouri for exhibition only).
  - a. A Certificate of Veterinary Inspection is required and all livestock must be individually identified by official ear tag or tattoo and individually listed on the Certificate of Veterinary Inspection.
  - b. Brucellosis
    - i. Cattle from Brucellosis-Free States
      1. All sexually intact cattle may enter without a brucellosis test.
      2. Steers. No brucellosis test required but must be individually identified and listed on a Certificate of Veterinary Inspection.
    - ii. Sexually intact cattle from brucellosis Class A states
      1. All test eligible animals must be tested negative for brucellosis within thirty (30) days prior to entry, except
      2. Cattle from a certified brucellosis-free herd. The certified herd number and the date of the last test must be listed on the Certificate of Veterinary Inspection;
      3. Steers. No brucellosis test required but must be individually identified and listed on a Certificate of Veterinary Inspection; and
      4. Rodeo bulls from a Class A state than must have a negative brucellosis test within twelve (12) months prior to exhibition.
  - c. Tuberculosis
    - i. Beef cattle from Tuberculosis-Free states
      1. All beef cattle two (2) months of age and over (including steers) may enter without additional testing requirements or entry permit.
    - ii. Beef cattle from Tuberculosis Status-less than free states. must meet the following requirements:
      1. Must obtain an entry permit.
      2. Must have a negative tuberculosis test within sixty (60) days prior to shipment, and the test date must be listed on the Certificate of Veterinary Inspection; or
      3. Move from an accredited tuberculosis-free herd (herd test date must be listed on the Certificate of Veterinary Inspection); or
      4. Move directly from a herd of origin that has had one (1) complete negative herd test within one (1) year (date of herd test must be listed on the Certificate of Veterinary Inspection).
    - iii. Dairy cattle– All classes of dairy cattle, two (2) months of age and older, entering Missouri for exhibition must meet the following requirements:
      1. Must obtain an entry permit.

2. Must have a negative tuberculosis test within sixty (60) days prior to shipment, and the test date must be listed on the Certificate of Veterinary Inspection; or
3. Move from an accredited tuberculosis-free herd (herd test date must be listed on the Certificate of Veterinary Inspection); or
4. Move directly from a herd of origin that has had one (1) complete negative herd test within one (1) year (date of herd test must be listed on the Certificate of Veterinary Inspection).
- iv. Rodeo livestock, eighteen (18) months of age and older
  1. Must obtain an entry permit.
  2. Must be tested negative for tuberculosis every twelve (12) months, and the test date must be listed on the Certificate of Veterinary Inspection.
  3. No sexually intact rodeo stock from Mexico will be permitted to enter Missouri without a current tuberculosis test.
